Contract Court Interpreters:

The United States District Court for the District of Nebraska ("court") establishes a new pool of qualified interpreters each fiscal year. Below you will find information about contracting with the court to provide interpreter services for the clerk's office, pretrial services office, and probation office, including summaries of the documents used in the contracting process. These documents are available on the court's Web site at: http://www.ned.uscourts.gov/pom/crtplans/interp/index.html.

Contract Court Interpreter Services Terms and Conditions: The Contract Court Interpreter Services Terms and Conditions is the boilerplate document used by the court to contract with interpreters. Court interpreter contracts are valid through the end of the fiscal year (i.e., September 30), as long as the terms and conditions do not change. Contracts must be renewed annually.

Note: The Administrative Office of the United States Courts (AO) modified the Contract Court Interpreter Services Terms and Conditions for FY 2010.

Judiciary Staff Travel Regulations (Attachment 10.1): The court reimburses interpreters for travel beyond the local commuting distance of 30 miles in accordance with the Judiciary Staff Travel Regulations and the court's Interpreter Reference Guide, which are both available on the court's Web site. Interpreters may contact court staff with questions regarding the judiciary's travel regulations. A court supervisor must pre-approve any exception to the court's posted travel regulations.

Standards for Performance and Professional Responsibility for Contract Interpreters of the Federal Courts (Attachment 10.2): This document is included as an attachment.

Rate and Information Sheet: Interpreters must complete the Rate and Information Sheet provided by the court. The court will store the original document in the interpreter's court file. Change to the Rate and Information Sheet, other than those made for the purposes of completing the document, must be approved in advance by the AO's District Court Administration Division (DCAD).

Interpreter Reference Guide (IRG): The court posted an IRG to its Web site to alleviate the need to modify court interpreter contracts throughout the year. The IRG includes current rates established by the AO, including fees, mileage rates, and maximum per diem rates for the locality. The IRG also includes contact information for court staff tasked with implementing the contracts. Interpreters should reference the court's Web site

for current rates prior to submitting their invoices.

Court Purchase Request and Blanket Purchase Agreement: The court issues purchase request forms to interpreters each fiscal year, which serve as blanket purchase agreements (BPA). A BPA is elevated to the status of a contract once an interpreter accepts an assignment. The court orders services as needed and cannot guarantee interpreters a minimum amount of work for the fiscal year.

Rotation of Interpreters: The court makes an effort to rotate interpreters throughout the fiscal year. When the clerk's office requires interpreting services and the staff interpreter and the local certified interpreter(s) are not available, staff will send a blanket e-mail to all certified interpreters currently under contract identifying the terms of each assignment. Assignments are made according to the timely responses to the blanket e-mail.

When the probation office or pretrial services office requires an interpreter, staff will place telephone calls to language-skilled interpreters on a rotational basis if the staff interpreter is not available.

Statement of Services Forms (Invoices): Certified and professionally-qualified interpreters utilize a different statement of services form than language-skilled interpreters because of the differences in the nature of their work. These forms are used for all three court units. Because the forms change periodically, interpreters should access the updated forms from the court's Web site. An interpreter must submit the signed statement of services form and the necessary receipts when seeking payment.

Background Checks / FBI FD-258 Fingerprint Card: Interpreters must undergo a mandatory FBI fingerprint check every two years. The check is a necessary part of determining an interpreter's suitability to work as a contractor. The human resources department is responsible for acquiring digital fingerprints from interpreters.

Interpreters who have undergone a FBI background investigation at the direction of another federal district court within the last two years do not have to undergo an additional investigation. However, the court must confirm that a background check has already been conducted.

The court will coordinate for interpreters who live outside the local area to undergo their investigations upon their arrival to court for their assignments. Interpreters must provide the information listed on the *FBI FD-259 Fingerprint Card*. A link to the fingerprint card is available on the court's Web site. Interpreters should direct questions regarding background investigations to the human resources department at (402) 661-5990.

After you review the Contract Court Interpreter Services Terms and Conditions, complete and return the Rate and Information Sheet to Terry Smedra. Court staff will send

a purchase request form and a copy of the signed *Rate and Information Sheet* to you. For specific questions regarding contracting with the court to provide interpreter services, contact Terry Smedra at (402) 661-7367 or Pat Williamson at (402) 661-7372.

Sincerely,

Denise M. Lucks, Clerk of Court
